Update on future leadership at St Guthlac's

Every voice is important: Please help through your prayers & your views.

David, Tina, Jane and Lesley (the Standing Committee of the PCC) and Adrian have now met three times, and good progress is being made in putting together our Parish Profile. Thank you to those who have given their comments on the draft SWOT analysis which have been helpful in finalising this part of the profile.

Archdeacon Tim will take the communion service at St. Guthlac's on 21st January and there will be the opportunity to speak with him afterwards if you wish to.

The standing committee will be meeting with the Archdeacon in early February and by Easter we hope to have a clear idea of the leadership needed by St. Guthlac's to help us achieve our aims.

READER TRAINING UPDATE You may know that I have been selected for Reader training and that St Guthlac's are generously sponsoring my training costs. Finally after a nearly a year of waiting my training has started and is proving interesting and challenging in equal measure. The course runs over two years. This year it involves three evenings and one full Sunday a month and in the New Year I will do a placement at another parish. This placement may last between 4 to 12 weeks so I will not be around much at St Guthlac's during that period. The training covers a wide range of subjects. My first assignment involved each of us thinking about the parishes in which we live, work and attend church; what they're like in terms of character, facilities, demographics, needs, challenges and opportunities and how we fit into the picture. It has been a really fascinating exercise especially given that these are the same questions we at St Guthlac's are asking ourselves as we prepare to find a new minister for the next phase of our journey. It also reminded me that these are questions not just for the church leaders but also for all of us. It led me to think about the parish around me and I would encourage each of us to do the same and consider the areas we live and the people we meet. Are we aware of the people around us in our daily lives and what their needs may be? What do we notice about the areas where we live? How have they changed? What opportunities exist to live out and share our Christian faith in this changing landscape? With all these thoughts to consider I am off to start the next assignment –prepare a bible study on a chapter of the Book of Revelations... I will keep you posted. Fiona
